About ONEC and ONEC Logistics Kitamaat LP

ONEC Group Inc. has been building projects in Western Canada for over 20 years. As an EPC and EPCM provider, our services include multi-disciplinary engineering, design, construction, project management, geomatics and survey, and scaffolding services. We are the only mid-sized firm in our industry that offers this collective expertise under one roof. Because of our company's size, clients get to know our team and always work with the same people, resulting in stronger working relationships and efficiency. We are agile in our approach to project delivery because we are able to pivot quickly and adjust our standard processes to suit specific clients' needs. ONEC believes in local leadership and engaging top talent from the communities we work in. We understand that local knowledge and presence is key to not only our overall business success, but the economic success of the communities we work in. ONEC is pleased to provide various services in partnership with Haisla Nation.
