

Build More Than Just A Career

Our people are our success. They are also adventure-seekers and difference-makers who are committed to a shared vision – to offer the best of the best in project delivery services. When you join ONEC, you join a community that seeks to help you build more than just a career. You will build working relationships and partnerships that become friendships, build ideas that become realities, and build skills that help you grow personally and professionally. We want you to love what you do so that together we can do great things.

About ONEC

ONEC Group has been building projects in Western Canada for over 20 years. As an EPC and EPCM provider, our services include multidisciplinary engineering, design, construction, project management, geomatics and surveying, logistics, and scaffolding services. We are the only mid-sized firm in our industry that offers this collective expertise under one roof. Because of our company's size, clients get to know our team and always work with the same people, resulting in stronger working relationships and efficiency. We are agile in our approach to project delivery because we are able to pivot quickly and adjust our standard processes to suit specific clients' needs. ONEC believes in local leadership and we engage top talent from the communities we work in. We understand that local knowledge and presence are key to not only our overall business success but the economic success of the communities we work in.

Career Details

Job Title: Civil Design Engineer

Number of Openings: 1

Job Type: Full-Time/Permanent

Minimum Level of Education: Bachelor's Degree in Civil Engineering

Years of Related Experience: 5-10 years

Office Location: Edmonton, AB

Application Deadline: Until Filled

Position Summary

We are seeking a Civil Design Engineer who is responsible for site development and civil engineering designs for earthwork, grading, drainage, sewer, roads, ponds, erosion control, and other components of site civil design. The successful candidate will collaborate within a multi-discipline engineering and construction team to produce quality designs and construction and will assist with compliance, permits, inspections, surveys, and other documentation as required.

Responsibilities include:

- Developing cost-effective design layouts based on construction specifications and project requirements.
- Adhering to established design standards, guidelines, regulatory requirements, and procedures.
- Analyzing design issues and recommending appropriate solutions.
- Performing civil design, analysis, and calculations according to project requirements.
- Preparing construction cost and material estimates based on civil designs.
- Coordinating field surveys and conducting appropriate investigations to prepare engineering drawings.

Our Ideal Candidate

- 5-10 years of experience in Civil Engineer and design.
- Proficient in Civil 3D and PCSWMM software.
- Experienced with stormwater management systems design, stormwater modeling, runoff calculations, grading and drainage features, site earthwork and road geometric design, and erosion control
- Experience in heavy and light industrial, renewables, and commercial markets is also an asset.
- A commitment to high-quality product and service delivery, with a critical eye for detail and accuracy, and a determined approach to work.
- Exceptional customer service and client-facing skills with a professional approach to developing and maintaining strong relationships.
- Self-motivated with the ability to work within multiple project teams with competing demands and priorities, to ensure completion of projects.
- Excellent time management skills, attention to detail, and the capacity to prioritize by assessing situations to determine urgency.
- Proficient in Microsoft Outlook, Word, Excel, and Microsoft Project software.

Application Instructions

ONEC Group is an equal opportunity employer. Positions are filled by means of open competition where the selection is based on job-related skills, training, experience, and suitability. Final candidates will be asked to provide references. The results of the reference check must be acceptable to ONEC Group. We also consider different experience levels and knowledge and candidates with less experience may be considered for lower-level positions.

We thank all applicants in advance however only individuals selected for interviews will be contacted.

ONEC Group accepts resumes via online application at <http://onecgroup.com/careers/> or via email at hr@onecgroup.com. Please only submit in Word format.
