

Build More Than Just a Career

Our people are our success. They are also adventure-seekers and difference-makers who are committed to a shared vision – to offer the best of the best in project delivery services. When you join ONEC, you join a community that seeks to help you build more than just a career. You will build working relationships and partnerships that become friendships, build ideas that become realities and build skills that help you grow personally and professionally. We want you to love what you do so that together we can do great things.

About ONEC

ONEC Group has been building projects in Western Canada for over 20 years. As an EPC and EPCM provider, our services include multidisciplinary project services including project & construction management, engineering & design, procurement & logistics, geomatics & survey, fabrication & construction, mechanical & electrical installation, and scaffolding & insulation. We are the only mid-sized firm in our industry that offers this collective expertise under one roof. Because of our company's size, clients get to know our team and always work with the same people, resulting in stronger working relationships and efficiency. We are agile in our approach to project delivery because we are able to pivot quickly and adjust our standard processes to suit specific clients' needs. ONEC believes in local leadership, and we engage top talent from the communities we work in. We understand that local knowledge and presence are key to not only our overall business success but the economic success of the communities we work in.

Career Details

Job Title: Mechanical Engineering Co-Op Students

Number of Openings: 2

Job Type: Temporary Full-Time

Minimum Level of Education: Enrolled in a Bachelor of Engineering or Mechanical Engineering Technology Post Secondary Program

Years of Related Experience: 0-2 years

Locations to be Supported: Various

Office Location: Edmonton, AB

Application Deadline: Until Filled

Position Summary

We are seeking two Mechanical Engineering Co-Op Students. The candidates will be responsible for performing engineering duties in planning and designing tools, and other mechanically functioning equipment, coordinating design details within the context of a multidisciplinary design team and providing technical assistance to clients for mechanical engineering related matters. The work will be for operating industrial facilities across multiple industries.

Other responsibilities include:

- Applying engineering principles and practices to industrial facilities.
- Assisting with the preparation of technical drawings and coordinating design details within the context of a multidisciplinary design team.
- Coordinating activities with other engineers and project team members as required.
- Completing projects under general guidelines, within allotted schedules and budgets.
- Maintaining compliance of the design team with established quality assurance requirements.
- Reading, interpreting, and developing blueprints, technical drawings, schematics, and computer-generated reports.
- Performing other duties as assigned.

Our Ideal Candidate

- Ability to interpret and implement company policies and procedures.
- Able to communicate ideas and recommendations in a clear manner.
- Demonstrate understanding of engineering theories and principles, and how they can be practically and effectively applied to solve problems.
- Demonstrate knowledge of Canadian (where applicable)/local Engineering Codes and Standards, OH&S code, and regulations.
- Problem identification and problem resolution skills.
- Time management skills

Application Instructions

ONEC Group is an equal opportunity employer. Positions are filled by means of open competition where the selection is based on job-related skills, training, experience, and suitability. Final candidates will be asked to provide references. The results of the reference check must be acceptable to ONEC Group. We also consider different experience levels and knowledge and candidates with less experience may be considered for lower-level positions.

We thank all applicants in advance however only individuals selected for interviews will be contacted.

ONEC Group accepts resumes via online application at <http://onecgroup.com/careers/> or via email at hr@onecgroup.com. Please only submit in Word format.
